React Interview Questions

Dec 27, 2024

Diana Herrero Cisneros

has successfully completed the online, non-credit Specialization

Become a Professional React Developer

This React Specialization course covers everything from foundational principles to advanced concepts and practical challenges. You'll start with React basics, advance through complex topics, and apply your knowledge in real-world projects, such as building apps and games. Additionally, the course prepares you for technical interviews with curated questions that enhance your problem-solving skills.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
